

18-position waterproof distribution box

Overview

18-way waterproof distribution box, larger single-row design with bottom opening. Can be configured with fuse, SPD, disconnect, or breaker for use as a PV combiner box. Ideal for use as the main unit on small vehicles or for accessory circuits and overflow circuits from your main power distribution module (PDM), the compact HWB18 Hard-Wired Waterproof DC Power Distribution Box accepts MINI® fuses, MINI® circuit breakers, MCASE™ fuses (adapter required; sold. The HT-18 Way Waterproof Distribution Box is designed for reliable power distribution and protection in indoor and outdoor settings. Featuring a high-strength ABS body and PC transparent cover, it delivers excellent waterproofing, dustproofing, UV resistance and impact performance (IP65 rated). IP65-rated PC/ABS enclosure, offering durability, impact resistance, and weather protection. The AC Type 1 Surge Protective Device (SPD) is designed to handle a 10/350 μ s lightning current waveform, protecting electrical systems from direct lightning strikes and high-energy surges.
