

360-degree rotating cable management rack in server rack

Overview

Designed to give instant 360° access to tightly-stored enclosures, the R8010 lets you effortlessly slide a fully-loaded rack out to 550mm and rotate it in any direction. The racks are built with high grade steel, structurally fortified so there's minimal flex under a heavy or full. Penn Elcom's slide and rotate racks are a game-changing solution for fast, unrestricted access to tightly installed 19 inch rack equipment. com for performance connectivity accessories. | EIA/ECA-310-E Compliant | 125lb (56. 7kg) Capacity | Cage Nuts & Screws incl. We have developed the standard based for rotary cable management solutions! For rotary modules with high speeds and many motion cycles a two-tiered guide channel is used. Using the divided guide trough minimizes the relative movements of cables and the energy chain. This increases the service life.
