

Australian Ladder Cable Tray Brands

AI Overview

EzyStrut and Burndy CSS are widely regarded as the top manufacturers of ladder cable trays in Australia, offering durable, compliant, and versatile solutions for industrial and commercial applications. Leading Manufacturers EzyStrut EzyStrut is one of Australia's most prominent cable tray manufacturers, with over 35 years of experience in the industry. They offer a wide range of ladder trays, solid-bottom trays, and wire mesh trays designed for both commercial and industrial applications. EzyStrut products are known for their durability, versatility, and compliance with Australian standards, making them suitable for sectors like mining, telecommunications, and construction. Their trays are engineered for easy installation and long-term performance, and the company provides custom solutions and in-house BIM modeling support. Burndy CSS (Cable Support Systems) Burndy CSS specializes in cable management solutions for extreme environments, including high temperatures and corrosive conditions. Their ladder trays are ideal for industries such as oil and gas, mining, and power generation. Burndy CSS offers both standard and custom cable trays, emphasizing flexibility, ease of installation, and long-lasting performance. Their products are engineered to meet stringent Australian industry standards, ensuring reliability in demanding applications. ACURA Group ACURA Group provides a variety of cable support systems, including ladder trays, mesh baskets, and perforated trays. They offer hot-dip galvanised options for outdoor or high-corrosion environments and fire-rated trays for compliance with safety standards. ACURA's products are suitable for commercial and industrial construction projects, providing both lightweight and heavy-duty solutions. Considerations for Choosing a Manufacturer When selecting a ladder cable tray manufacturer in Australia, consider: Material quality: Ensure trays are corrosion-resistant and suitable for the intended environment. Compliance: Products should m...
