

Belgian horizontal cable tray manufacturer

AI Overview

Trayco, Niedax Belgium, Brilltech Engineers, and Cable House are notable Belgian manufacturers of horizontal cable trays. Key Belgian Manufacturers Trayco specializes in producing 100% Belgian cable trays, mesh trays, and cable ladders. Founded in 2012, the company offers tailored solutions, installation guidance, and consulting for cable support systems, making it a strong choice for customized projects. Niedax Belgium, a subsidiary of the German Niedax Group, has been operating since 2005. They provide a wide range of cable tray systems and electrical installation materials, with extensive experience in both national and international projects. Brilltech Engineers manufactures high-quality cable trays in Belgium using materials like galvanized steel, stainless steel, and fiberglass. Their trays are designed for durability, airflow optimization, and safety, and they offer support for product selection, system design, and installation. Cable House, established in 1983, produces a variety of cable trays and related accessories. They are recognized for reliable, high-durability products and can provide customized solutions for industrial and commercial applications. Considerations for Choosing a Manufacturer Material and durability: Options include galvanized steel, stainless steel, and fiberglass. Customization: Some manufacturers offer tailor-made solutions for specific project requirements. Installation support: Companies like Trayco and Brilltech provide consulting and guidance during installation. Compliance and standards: Ensure the trays meet local and international safety and quality standards. These manufacturers provide a comprehensive range of horizontal cable trays suitable for industrial, commercial, and infrastructure projects in Belgium.
