

China-Africa Optical Cable Fixing Equipment Manufacturer

AI Overview

Yangtze Optics Africa (YOA) Cable in South Africa, supported by Chinese technology, and Dongguan Gongfei in China are key players in optical cable manufacturing and equipment supply for Africa. YOA Cable: Africa's Leading Manufacturer Yangtze Optics Africa (YOA) Cable (Pty) Ltd is a joint venture between China's Yangtze Optical Fibre and Cable Joint Stock Limited Company (YOFC) and South Africa's Mustek Limited, located at the Dube Tradeport Industrial Development Zone in KwaZulu-Natal, South Africa. Established in 2016, YOA Cable has become Africa's largest optical fiber cable manufacturer, producing over 4,000 fiber kilometers of cable daily at full capacity. The facility uses advanced manufacturing platforms inherited from YOFC, including OVD, VAD, and PCVD technologies, ensuring high-quality optical fiber production. YOA Cable also emphasizes skills development and local talent, offering internships, learnerships, and training programs to build expertise in optical fiber manufacturing. Their innovations, such as Fast Fusion Technology (FFT), improve cable handling and reduce the need for specialized installation equipment. This makes YOA Cable a central supplier for Africa's telecom networks and digital infrastructure projects.

Chinese Equipment Manufacturers: Dongguan Gongfei For optical cable fixing and production equipment, Dongguan Gongfei Smart Technology Co., Ltd is a prominent Chinese manufacturer. They provide a wide range of machinery for optical fiber cable production, including: FTTH drop cable production lines Buffering and loose tube lines SZ stranding and sheathing lines Fiber coloring machines Extruder plants and copper wire twisting machines Dongguan Gongfei also offers technical support and after-sales service, including guidance on production processes, making them a reliable supplier for African manufacturers seeking to establish or upgrade optical c...
