

Complete Fire Protection Distribution Box Manufacturer

AI Overview

Leading manufacturers of fire protection certified distribution boxes include Spelsberg, R. STAHL, Pepperl+Fuchs, CE-TEK, and Atex Delvalle, offering certified, fire-resistant, and customizable solutions for hazardous areas. Key Manufacturers and Offerings

Spelsberg specializes in high-quality cable junction and connection boxes, as well as surface-mounted distribution boards. Their WKE fire protection products are tested according to DIN 4102 part 12, with VDE and general building supervisory approvals. These enclosures provide electrical intrinsic fire resistance from 30 to 90 minutes (E30 to E90) and are made from heat- and fire-resistant materials sourced from reputable manufacturers.

R. STAHL offers terminal and junction boxes designed for hazardous areas worldwide. Their products include custom-made and standard terminal boxes, certified for global installation standards, ensuring protection in explosive or fire-prone environments.

Pepperl+Fuchs provides Ex d (flameproof) and Ex tb (dust-protected) terminal and junction boxes suitable for Zones 1, 2, 21, and 22. These enclosures are made from copper-free aluminum and stainless steel, offering corrosion resistance, high impact resistance, and long-term durability. They are certified under ATEX, IECEx, and UL standards, and feature modular designs for tailored configurations.

CE-TEK manufactures rugged electrical junction boxes and enclosures for hazardous areas in industries such as oil & gas, petrochemical, pharmaceutical, and food processing. Their products include ATEX/IECEx pre-assembled junction boxes, fire-rated enclosures, and custom sizes, designed to meet the latest European standards.

Atex Delvalle produces custom-made local control stations and distribution boxes with stainless steel AISI 304L or 316L enclosures. Their products are ATEX and IECEx certified, suitable for Zones 1, 2, 21, and 22, an...
