

Cost-effectiveness of Cambodian cable trays

AI Overview

Cable trays in Cambodia typically range from around \$11 to \$50 per unit, depending on type, material, and specifications. Overview of Cable Tray Types and Materials In Cambodia, cable trays are available in several types, including ladder trays, perforated trays, wire mesh trays, and trunking systems. They are commonly made from pre-galvanized steel, stainless steel, or aluminum, offering corrosion resistance and durability for industrial and commercial applications. Thicknesses generally range from 0.8mm to 2mm, and standard lengths are around 2.4 meters. Price Range Basic GI (Galvanized Iron) cable trays: Approximately \$11 per unit in Phnom Penh for standard sizes. Higher-quality or specialized trays (stainless steel, perforated, or wire mesh types) can cost \$20-\$50 per unit, depending on material, load capacity, and customization. Custom or heavy-duty trays for large industrial projects may exceed this range, especially for corrosion-resistant or high-load applications. Factors Affecting Price Material: Stainless steel and aluminum trays are more expensive than GI trays. Tray Type: Ladder trays and perforated trays generally cost more than simple wire mesh trays. Dimensions: Longer lengths, wider widths, and thicker metal increase the price. Supplier and Brand: Local manufacturers like Super Cable Tray Pvt. Ltd. and Jeetmull Jaichandlall offer competitive pricing, while imported or premium brands may be higher. Quantity: Bulk orders often reduce the per-unit cost. Suppliers in Cambodia Super Cable Tray Pvt. Ltd.: Offers GI, ladder, perforated, and wire mesh trays with customization options. Jeetmull Jaichandlall (P) Ltd.: Provides a variety of sizes, shapes, and materials, focusing on high-quality finishing. Local marketplaces: Khmer24 lists cable trays for around \$11 per unit, suitable for smaller projects or retail purchases. In summary, for standard GI cable...
