

Cuba Warranty Special Optical Cable 6 Cores

AI Overview

The 6-core optical cable is a high-performance, armored fiber optic cable suitable for indoor and outdoor use, offering durability, rodent protection, and long-term reliability. Key Specifications:

- Fiber Type:** Single-mode OS2 G.657.A2, suitable for long-distance and high-speed data transmission.
- Construction:** Multi Loose Tube (MLT) design with 6 gel-free tubes, each 1.9mm in diameter, containing 6 fibers per tube.
- Strength Members:** Glass yarns provide tensile strength, while Corrugated Steel Tape (CST) offers full rodent protection.
- Outer Jacket:** Low Smoke Zero Halogen (LSZH) for safety in case of fire.
- Environmental Suitability:** Designed for indoor/outdoor use, structured wiring systems, industrial backbones, campus networks, and direct burial.
- Color Options:** Standard black, with additional colors available for identification and installation ease.
- Performance and Durability:** Crush and Tensile Resistance: Engineered to withstand both short-term installation stress and long-term operational loads.
- Temperature Range:** High-temperature resistant, suitable for diverse climates and outdoor conditions.
- Installation Flexibility:** Can be installed in ducts, tunnels, trenches, or tubes, making it versatile for various network layouts.
- Warranty and Reliability:** Manufacturer Warranty: Many high-performance optical cables, such as those from OCC, come with long-term warranties (e.g., 25-year MDIS warranty), ensuring reliability and support for critical networks.
- Quality Assurance:** The cable is designed to meet CPR Euroclass Eca standards, ensuring compliance with European fire safety regulations.
- Applications:**
 - Telecommunications:** Backbone and distribution networks.
 - Industrial Networks:** Factories, campuses, and data centers.
 - Broadcast and Cable TV:** High-speed, reliable signal transmission.
 - Outdoor Installations:** Direct burial, aerial, or ducted pathways.
