

Electrical work on replacing a distribution box

Overview

Three scenario cards illustrate typical quotes based on common home configurations and regional factors. Basic: 100A indoor replacement — Panel, new breakers, basic wiring; 6–8 hours; total \$1,200–\$2,000; includes standard permit where required. The average cost to hire an electrician to install or repair light fixtures, outlets, switches, or fans ranges from \$141 to \$419 with homeowners spending \$280 on average. Key cost drivers include panel amperage, indoor vs outdoor location, wiring length, and whether a full panel upgrade or rerouting is needed. Cost awareness helps plan budgets and avoid. Electrical prices average from \$150 to install a switch, \$200 to install an outlet, \$465 to install a lighting fixture. It could cost as little as \$200 to upgrade an existing panel, while replacing an entire fuse box or panel could cost \$1,000 or more.
