

Fiber Optic Adapter Ic-Ic Duplex

AI Overview

An LC duplex fiber optic adapter is a connector component that precisely aligns and connects two LC fiber optic cables, supporting duplex transmission for singlemode or multimode fibers.

Overview An LC duplex fiber optic adapter is designed to connect two LC fiber optic connectors, enabling duplex communication (two optical channels) in fiber optic networks. It is commonly used in fiber patch panels, optical distribution frames (ODFs), and network enclosures where LC connections are required. These adapters are compatible with both singlemode and multimode fibers and are essential for maintaining low insertion loss and high signal integrity.

Construction and Materials

- Body Material:** Molded polymer or plastic for durability and stability
- Alignment Sleeve:** Zirconia or ceramic sleeve ensures precise alignment of fiber cores, minimizing signal loss
- Style:** Flanged duplex design allows secure mounting in panels or enclosures
- Durability:** Typically rated for 500–1,000 mating cycles, ensuring long-term reliability
- Operating Temperature:** Ranges from -40°C to 75°C , with storage up to 85°C
- Performance**
- Insertion Loss:** Low, typically ≤ 0.2 dB for multimode and ≤ 0.15 dB for singlemode
- Repeatability and Interchangeability:** Designed to meet Telcordia and IEC 61754 standards, ensuring consistent performance across multiple connections
- Applications:** Used in optical communication systems, CATV, LANs, WANs, FTTX networks, test equipment, and optical device production
- Advantages**
- High precision alignment reduces signal degradation
- Supports duplex connections, enabling simultaneous bidirectional data transmission
- RoHS compliant and meets international standards for safety and performance
- Compact size suitable for high-density network installations

Summary LC duplex fiber optic adapters are critical components in modern fiber optic networks, providing reliable, low-loss connections for both singlemode and multimode fibers. Their ceramic or zirconia sleeves, durable constr...
