

## Fiber Optic Panel 4lc

### Overview

The i-Net Networks PPFD-4L is a high-capacity 48-port (96 core) sliding fiber optic patch panel designed for SC simplex and LC duplex applications. The Cisco ® solution of panel and cable assemblies offers versatile solution for any breakout from 4x10 Gbs to 400 Gbs native. The panels are compatible for Top of Rack (ToR), Middle of Rack (MoR), and End of Row (EoR) layouts. Patch Panel Cisco simplifies optical connectivity management. Cisco is introducing a family of fiber management solutions with a debut of SMF and MMF patch panels. The panel is delivered with an integrated installation set that will simplify installation and ensure that all requirements for bend diameters are adhered to. 0.79in) diameter each, contained in a round overall orange jacket. They are intended primarily as companion to various Kramer detachable transmitter/receiver sets.
