

Foreigners making cable trays

AI Overview

Several international companies specialize in manufacturing cable trays, offering a wide range of designs, materials, and compliance with global standards. Leading Foreign Manufacturers Europe is home to some of the most trusted cable tray manufacturers known for high-quality standards and advanced designs. Notable companies include:

- Niedax Group (Germany):** Offers extensive cable tray and support systems for construction, energy, and transportation sectors, emphasizing durability and compliance with EN 61537 and ISO 9001 standards.
- Spina Group (Italy):** Specializes in ladder and perforated trays for heavy-duty industrial and shipbuilding applications.
- Legrand (France):** Known for the Cablofil wire mesh trays, which are adaptable and easy to install.

Asia and South America also have growing cable tray industries. Companies like ELCON Global (India) provide customized solutions for construction, manufacturing plants, data centers, and power plants, using materials such as galvanized and stainless steel for durability and corrosion resistance. PT Trias Indra Saputra in Indonesia and Sunil Engineering Corporation in India are recognized for high-quality fabrication and tailored solutions. North America features manufacturers like ABB and Atkore International, producing perforated trays, cable ladders, and channel trays from facilities in Canada and the USA. These companies focus on reliability, adaptability, and compliance with local and international standards.

Types of Cable Trays

Foreign manufacturers produce various types of cable trays to meet different industrial needs:

- Ladder-type trays:** Heavy-duty, ideal for oil, gas, and renewable energy sectors.
- Perforated trays:** Allow airflow and reduce heat buildup, suitable for data centers and commercial buildings.
- Wire mesh trays:** Flexible and easy to install, commonly used in complex infrastructure projects.
- FRP and fiberglass trays:** Resistant to corrosion, suitable for harsh environments.

Applications

Cable trays from foreign manufacturers are widely used in: Constructio...
