

Italian manufacturer of explosion-proof electrical distribution boxes

Overview

VIGANÒ designs, manufactures, and markets explosion-proof electrical equipment and accessories for use in areas at risk of explosion. COELBO designs and manufactures Explosion Proof Electrical Equipment for the construction of a plants in potentially explosive atmospheres, such as: enclosures, switches, local control station, pushbutton and knob control unit, valves and bulkheads, acoustic signallers, lighting signallers. Pushbutton and control station suitable for hazardous area Zone 1 & Zone 21 Lighting fixtures for LED lamps suitable for hazardous area Zone 1 & Zone 21 We are here for all of your needs! This website uses technical necessary cookies for its operation, analytical and third-party profiling cookies. These products are utilised in chemical and petrochemical industries, as well as in any location where the presence of flammable gases and dust can create. From the early design stages up to the actual field installation, Produce International Srl guarantees a competent and complete service of research, design and electrical material supply for industrial use, for construction sites and factories, industrial and civil use establishments in various. We design and manufacture explosion-proof electrical equipment for areas with risk of explosion and fire, meeting on-shore and off-shore applications. We work to assure environments where people's health and lives can be compromised.
