

Latvian ladder cable tray price quote

AI Overview

FRP ladder cable tray prices in Latvia typically vary based on size, thickness, and customization, with suppliers providing quotes upon request. Typical Specifications and Price Ranges FRP (Fiber-Reinforced Plastic) ladder cable trays are available in various dimensions and thicknesses, which directly affect their price: Small trays: Around 100mm width and 3mm thickness, weighing 4–6 kg per meter. Medium trays: Approximately 300mm width and 4mm thickness, weighing 8–12 kg per meter. Large trays: Up to 600mm width and 5mm thickness, weighing 14–20 kg per meter. These trays are designed for durability and corrosion resistance, with pressure ratings typically between 5 kN/m² and 15 kN/m². They can also include surface treatments such as UV protection, fire retardant coatings, or anti-static finishes, which may influence the cost. Price Considerations While exact Latvian prices are not publicly listed, FRP ladder cable trays generally range from USD 20 to USD 60 per meter depending on size, thickness, and additional features. Customizations, such as color, bends, or covers, can increase the price. Suppliers in Latvia To purchase FRP ladder cable trays in Latvia, you can contact local suppliers such as Brilltech Engineers or other ladder cable tray manufacturers listed online. They provide quotes based on project requirements, including dimensions, quantity, and delivery options. Recommendations Request multiple quotes from Latvian suppliers to compare prices and delivery terms. Specify tray dimensions and load requirements to ensure accurate pricing. Consider bulk orders for cost efficiency, as larger quantities may reduce per-meter costs. Check for certifications and quality standards to ensure compliance with industrial safety and durability requirements. By contacting local suppliers directly, you can obtain the most accurate and up-to-date pricing for FRP ladder cable trays in Latvia.
