

Mexican Composite Cable Tray Supplier

AI Overview

SIESA, Jeetmull Jaichandlall, and Cable House are notable manufacturers of cable trays in Mexico, offering durable and corrosion-resistant solutions suitable for industrial and commercial applications.

Key Manufacturers

SIESA SIESA produces ladder-type cable trays designed for industrial and commercial environments. Their trays are lightweight, corrosion-resistant, and UV-resistant, making them suitable for harsh conditions. They meet high safety standards, including non-combustibility and low flame spread, and are optimized for quick installation and long-term durability.

Jeetmull Jaichandlall This manufacturer offers a wide range of cable trays in various sizes, shapes, and finishes. They focus on high-quality production with modern equipment and advanced technology, ensuring compliance with industry standards. Their products are versatile, suitable for heavy-duty applications, and are recognized for excellent finishing and durability.

Cable House Established in 1983, Cable House manufactures and supplies cable trays along with other electrical accessories. They provide customized solutions and emphasize high durability, reliable performance, and long service life. Their products cater to both national and international markets, making them a reputable choice for industrial projects in Mexico.

Considerations for Choosing a Manufacturer

Material and Durability: Composite cable trays are preferred for corrosion resistance and lightweight properties.

Compliance and Safety: Ensure the manufacturer meets local and international standards for fire safety and load capacity.

Customization: Some manufacturers, like Cable House and Jeetmull Jaichandlall, offer tailored solutions to meet specific project requirements.

Installation and Support: Lightweight and modular designs, like those from SIESA, can reduce installation time and costs. These manufacturers provide reliable options for sourcing composite cable trays in Mexico, suitable for industrial, commercial, and infrastructure projects.
