

Modular Data Center Ranking

AI Overview

Top modular data center companies include Schneider Electric, Vertiv, Huawei, Dell Technologies, HPE, ABB, Eaton, and others, recognized for rapid deployment, scalability, and energy efficiency. Leading Companies and Their Specialties

1. Schneider Electric – A global leader offering end-to-end integration of power, cooling, racks, and DCIM. Known for sustainable, scalable modular data centers with EcoStruxure, suitable for hyperscale, edge, and enterprise deployments.
2. Vertiv – Specializes in prefabricated modular blocks for fast deployment, particularly in edge and multi-megawatt campuses. Their SmartMod™ systems integrate Liebert cooling and power solutions for core-to-edge reliability.
3. Huawei – Offers FusionModule solutions that integrate power, cooling, IT, and AI-driven management. Focused on high-efficiency, all-in-one modular data centers, especially in APAC and MEA markets.
4. Dell Technologies – Provides highly economical, fast, and energy-efficient modular data centers. Dell MDCs optimize time-to-market with prefabricated modules and have deployed over 750,000 servers globally.
5. Hewlett Packard Enterprise (HPE) – Offers Performance Optimized Datacenters (PODs) for high-performance computing and hybrid cloud transitions. HPE's modular units are rugged, flexible, and include direct liquid cooling technology.
6. ABB – Delivers integrated electrification and automation in modular systems, controlling power from medium-voltage switchgear to rack-level distribution. Ideal for industrial-grade, mission-critical applications.
7. Eaton – Focuses on power resilience with UPS, PDUs, and modular power rooms, supporting AI/ML workloads and rapid edge deployment.
8. Rittal – German engineering specialist providing precision-engineered, scalable modular systems, from single racks to containerized data centers.
9. STULZ – Known for precision climate control, ensuring thermal stability and energy efficiency in high-density computing environments.
10. Northstar Enterprise + Defence – Offers turn...

Modular Data Center Companies

List of the top Modular Data Center companies based on extensive research conducted by Mordor Intelligence analysts and expert advisors that identified these brands to be the leaders and major

Top 10: Modular Data Centre Companies – Candice M. Rodriguez

edge computing to hybrid cloud strategies. Here we highlight the top 10 companies leading the modular data centre revolution, ranked by market

Top 26 Modular Data Center Construction Companies

Keep reading to discover the top modular data center construction companies. 1. Cannon Technologies Ltd, based in New Milton, England, has been a player in the technology manufacturing sector since

Unlocking Efficiency and Agility: The Guide to Modular

Find out how modular data centers can ensure scalability for future expansions, embody repeatable designs, and exhibit superior quality via factory

Modular Data Center Companies

These modular data centers offer flexibility and scalability, making them suitable for businesses with evolving data center needs. Leading modular data center providers include

Modular Data Centre Market Size & Share Forecast | 2035

The modular data centre market was USD 32.35 Billion in 2025; projected to grow at 15.20% CAGR and hit USD 133.17 Billion by 2035.

Prefabricated Data Centers Market Insights, Leading Companies

The Prefabricated Data Centers Market Insights, Leading Companies & Future Outlook - Global Prefabricated & Modular Data Centers Market to Reach \$17.76 Billion by 2034 -

Modular Data Center Market Size | Industry Report, 2030

Modular Data Center Market Summary The global modular data center market size was estimated at USD 29.04 billion in 2024 and is anticipated to reach USD

Modular Data Center Market Size, Share & Outlook

The market size of modular data centers is predominantly driven by rising demand for advanced prefabricated and green data center infrastructures

Top 7 Modular Data Center Companies: VMR Analyst

Explore the Modular Data Center market leaders. Our Senior Analysts evaluate Schneider, Vertiv, and Huawei based on PUE efficiency, CAGR, and

Modular Data Center Market Size & Trends Analysis, 2032

The modular data center market size will generate an estimated revenue of USD 30.9 billion in 2024 and witness a growth rate of 17.5% during 2025-2032.

Modular Data Center Companies

Top Modular Data Center Companies, Leaders & Major Players Explore list of the top Modular Data Center companies based on extensive research conducted by

Modular Data Center Market

[383 Pages Report] Modular data center market size, share, analysis, trends & forecasts. The global market for modular data center categorized by solutions, form factor (ISO containers (20 feet, 40

Top 10 Modular Data Centre Companies (2025)

Top 10 Modular Data Centre Companies (2025) Who leads them, what makes them tick — and who's about to blow the market wide open? 1. Schneider Electric

Top 7 Modular Data Center Manufacturers 2026

Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others.

Top 26 Modular Data Center Construction Companies

Want to Find More Modular Data Center Construction Companies? If you want to find more companies that offer innovative solutions like prefabricated structures and cooling systems you can do so with

Modular Data Center Market Size Worth \$81.56 Billion, Globally, by

/PRNewswire/ -- The global modular data center market share is set for explosive growth with a CAGR of 17.9% during 2025-2031, it was valued at \$30.27 billion...

KSTAR Leads the Ranking of China's Prefabricated Modular Data Center

China's modular data center industry is at the forefront of innovation and development driven by factors such as the country's East-West plan to channel more computing resources from

Modular Data Center Market Size, Share & Growth,

The Modular Data Center Market estimated size and share is projected to exceed USD 144.23 billion by 2034, with a forecasted CAGR of

Modular Data Center Companies

Modular Data Center companies design and build data center solutions that can be quickly deployed and easily expanded. These modular data

Global Modular Data Center Market (2025-2035)

Global Modular Data Center Market Size The global modular data center market size was USD 38.56 Billion in 2025 and is expected to register a revenue CAGR of 18.8% during the forecast

Top Containerized and Modular Data Center Market Companies

Explore the top Containerized and Modular Data Center market companies, rankings, SWOT, regional trends and 2025-2031 outlook in this data-driven analysis.

Prefabricated and Modular Data Centers Market | BIS Research

The prefabricated and modular data centers market was valued at \$4,242.9 million in 2024 and is expected to grow at a CAGR of 15.39% and reach \$17,761.0 million by 2034.

Prefabricated and Modular Data Centers

This report aims to provide a comprehensive presentation of the global market for Prefabricated and Modular Data Centers, focusing on the total sales revenue, key companies market

Top Modular Data Center Construction Companies
