

Myanmar Apartment Smart Distribution Box Manufacturer

AI Overview

Panel Z Electric, Legrand Myanmar, and LiveTech are key providers of smart distribution boxes and electrical solutions for apartments in Myanmar. Key Manufacturers and Providers

1. Panel Z Electric Co., Ltd. Panel Z Electric, established in 2018, specializes in fabricating electrical switchboards, distribution boards, control panels, and metal enclosures. They operate a 6,400 sqft advanced manufacturing facility equipped with precision machinery to design, assemble, and test products. Their offerings include customized power distribution and control panels suitable for apartments, hotels, hospitals, and commercial buildings. They also provide turn-key engineering solutions, motor starters, and professional after-sales service, making them a reliable partner for smart distribution systems in residential projects.
2. Legrand Myanmar Legrand Myanmar provides modular distribution boxes with options for aluminium and copper configurations, supporting capacities from 120 mm² up to 540 A. Their products are suitable for apartment electrical distribution, offering high-quality, standardized solutions for safe and efficient power management.
3. LiveTech LiveTech, founded in 2019, focuses on smart home automation and energy optimization. As an official partner of Loxone, they provide integrated smart distribution solutions that allow remote control of lighting, security, and energy usage. Their systems are designed to enhance apartment living by combining smart connectivity with energy-efficient electrical distribution.
4. Bits Manager Co., Ltd. Bits Manager offers Smart WiFi Switches and Smart Sensors for home automation, enabling remote monitoring and control of electrical devices in apartments. Their solutions allow residents to manage devices via smartphone or computer, integrating smart distribution with home automation for convenience and energy savings.
