

North Macedonia OEM Micro-module Waterproof Type for Data Centers

AI Overview

Waterproof, scalable OEM micro-modules for data centers in North Macedonia are available from manufacturers like GETEKnet, Schneider Electric, Delta, and Vertiv, offering fully integrated, modular, and customizable solutions. Overview of Solutions GETEKnet provides OEM/ODM manufacturing of modular data center infrastructure, including server racks, PDUs, cable management, and intelligent integrated systems. Their products are factory-tested for mechanical strength, power load capacity, and functional integration, and comply with CE, RoHS, and IEC 62368 standards. Clients can customize cabinet size, cooling structures, PDU configurations, and smart monitoring modules, enabling scalable and efficient deployments worldwide. Schneider Electric Macedonia offers prefabricated, waterproof IT infrastructure modules that integrate UPS, cooling, racks, and management software in a single, secure structure. Their Easy Modular Data Center All-in-One solutions are factory-assembled, scalable, and flexible, supporting capacities from 5-30 kW per rack. These modules are optimized for rapid deployment and can be customized in size and configuration. Delta InfraSuite provides highly integrated micro data center solutions that fit within racks or small spaces under 50 square meters. These modules include UPS, cooling, power distribution, fire control, airflow management, and intelligent monitoring. Delta's solutions are energy-efficient, support N, N+1, or 2N configurations, and maintain high availability while minimizing total cost of ownership. Vertiv offers pre-fabricated, customizable micro data centers that align power, cooling, monitoring, and racks with business needs. Their modular solutions allow rapid deployment, scalability, and ecosystem control, suitable for edge computing or expanding core data center capacity. Key Features Waterproof and secure enclosure...

Modular Data Center Guide: Types & When It Wins | ModulEdge

For workloads above roughly 1 MW, the right answer is almost always a prefabricated room or a hybrid campus, not a stack of containers. For workloads under 100 kW that need to live

Micro modular data center

Suitable for green and energy-saving data centers with a small number of cabinets, high load on individual cabinets, and limited floor height in the data center.

Prefabricated Data Center Modules

Prefabricated, chilled water piping system with variable speed pumps and controls that provides an efficient and flexible solution for Tier II and III data center cooling.

EcoStruxure Pod Data Center | Schneider Electric North Macedonia

Explore the EcoStruxure Pod Data Center portfolio engineered for rapid deployment, consistent performance, and seamless growth across pre-configured and prefabricated builds.

Data Centers in Skopje, Macedonia

Modular Data Center Guide: Types & When It Wins | ModulEdge

May 3, 2026 Modular Data Center: Definitive Guide (Types, What's Included, When It Wins) A practical guide to modular data centers: types, architectures, what's included, and when prefabricated MDCs

EcoStruxure Pod Data Center | Schneider Electric North Macedonia

EcoStruxure Pod Data Center Solution offers speed and flexibility for ever-changing data center environments with easy configuration, power, and cooling integration.

EcoStruxure™ Modular Data Center | Schneider Electric North Macedonia

Transforming data center design and construction, modular data centers conquer space challenges and support quick scaling in industrial environments.

Prefabricated modular solutions

Tailored to meet specific business with flexible, plug-and-play modules that accommodate growing data demands. Pre-engineered, pre-fabricated modules allow for quick deployment, accelerating time to

Data Center Solutions

Modular container-housed data centers offer the perfect and scalable solution, whether customized for SME, Cloud, or Edge applications or pre-configured data center containers. With our

Macedonia Data Centers

Prefabricated Data Center Modules

Easy Modular Data Center All-in-One Prefabricated IT Infrastructure (UPS, cooling, racks, and management software), factory assembled all in one purpose-built, secure, weather proof structure

Easy Micro Data Center | Schneider Electric Macedonia

Browse our products and documents for Easy Micro Data Center - Pre-configured Micro Data Center platform designed to address essential needs of distributed IT application in a variety of commercial

Macedonia Data Centers

Do you need to procure colocation, cloud, connectivity or other data center services in Macedonia or other locations? We can help you navigate the market, through our many years of experience and

Modular Data Centers: When They Work, and When They Don't

Modular data centers offer fresh opportunities for the industry, but that doesn't mean they are right for every occasion.

Smart Modular Data Center Facilities

The modular data center, comprised of micro modules, has become more and more popular. The modules' flexibility and predictability are highly valued by telecom carriers.

North Macedonia Data Centers

Data Centers in North Macedonia with map. List of available providers and facilities in North Macedonia, including Colocation, Bare Metal Servers, and IaaS Data Centers.

Facilities and Data Centers in Macedonia | DataCenterJournal

Macedonia has five data centers, run by three organizations. Neotel DOO export-import Skopje has the largest presence with two facilities, and other organizations include Faculty of

OEM Data Center Solution

GETEKnet provides ODM / OEM manufacturing of data center infrastructure products, including server racks, PDUs, cable managements, and intelligent

Modular data center

Modular data centers typically come in two types of form factors. The more common type, referred to as containerized data centers or portable modular data centers,

Micro Data Center

Delta InfraSuite can be applied in micro datacenters under 50 square meters or with an IT load under 20kVA. It is suitable for regional or small business environment

Top 10: Modular Data Centre Companies | Data Centre Magazine

Here we highlight the top 10 companies leading the modular data centre revolution, ranked by market leadership, innovation, global scale and strategic focus. Whether through

Data Center

In North Macedonia, the Data Center market shows a growing demand for cloud services and colocation facilities.
