

Odf48 fiber optic patch panel

Overview

The ODF Rack-Mounted 12-48C Fiber Patch Panel offers a robust and reliable solution for fiber optic cable termination and distribution. Built with. ✓ 12 to 144 port configurations for scalable fiber connectivity and management ✓ Includes SC pigtails and couplers for quick plug-and-play installation ✓ Cold-rolled steel housing is durable, rust-resistant, and fits 19-inch racks ✓ Supports high-speed cabling and is compatible with OM1/OM2. Fiber optic patch panel is an integrated unit for fiber management, Fibconet offers wall mounted fiber optic patch panel and rack mounted fiber optic patch panels, these equipment function is to fix and manage the fiber optic cables inside the box as well as provide protection. There different. fiber termination, fiber optic adapters & connectors and cable connections together in a single unit. Rack mount ODF is usually modularity in design with firm structure. The enclosure has a swing-out 2 door with a padded lock and key for. UnitekFiber offers a variation of ODF optical fiber distribution frames, such us 24 cores, 36 cores, 48 cores, 72 cores, 96 cores and 288cores.
