

Price List for Italian Ladder Cable Trays

AI Overview

Italian ladder cable trays typically range from €50 to €150 per 2.4-meter section, depending on material, finish, and load capacity.

Pricing Overview The cost of ladder cable trays in Italy varies based on material type, surface finish, and structural design. Standard hot-dip galvanized steel trays are generally the most affordable, while stainless steel (AISI 304) or specialized finishes for corrosion resistance or high-load applications command higher prices. For a standard 2.4-meter ladder tray, prices typically start around €50–€60 for basic galvanized versions and can reach €120–€150 for stainless steel or heavy-duty models.

Factors Affecting Price

- Material and Finish:** Galvanized steel is cheaper than stainless steel or aluminum; specialized coatings for outdoor or corrosive environments increase cost.
- Load Capacity and Dimensions:** Wider trays or those designed for heavy industrial cables cost more due to thicker side profiles and rungs.
- Customization:** Custom lengths, perforations, or integration with modular systems (e.g., Unistrut compatibility) can increase the price.
- Accessories and Fittings:** Elbows, junctions, supports, and covers are priced per unit and can add 10–30% to the total system cost.

Market Trends: Rising steel and aluminum prices, supply chain constraints, and import tariffs have contributed to moderate price increases in Italy.

Supplier Examples

- FEMI-CZ:** Offers standard and custom ladder trays in galvanized or stainless steel, suitable for industrial and civil installations, with pricing influenced by load capacity and customization.
- Schiavetti Tekno (Spina Group):** Provides ladder trays in HDG, stainless steel, and aluminum, with standard widths of 300 mm and larger custom sizes; pricing varies with material and project requirements.

General Market Reference: Hot-dip galvanized ladder trays of 2.4 meters are commonly priced around €50–€150 per section, with fittings sold separately per piece.

Recommendations For accurate budgeting, it is advisable to request quotes from multiple Italian suppliers, specifying material, length, load requ...
