

Price of Galvanized Reinforced Cable Trays in the UAE

AI Overview

Galvanized reinforced (GI) cable trays in the UAE typically range from AED 150 to AED 600 per tray depending on size, thickness, and length.

Pricing Overview

The cost of galvanized cable trays varies based on dimensions, thickness, and length:

- Small trays** (100mm x 50mm) are generally on the lower end of the price spectrum, suitable for light industrial or commercial use.
- Medium trays** (300mm x 50mm, 2mm thickness) are priced moderately and are commonly used in industrial facilities, data centers, and commercial buildings.
- Large trays** (600mm x 50mm, 3m length) are more expensive due to higher material usage and load-bearing capacity, ideal for heavy-duty industrial applications.

Factors Affecting Price

Material and Coating: Galvanized iron (GI) provides corrosion resistance, durability, and suitability for indoor and outdoor environments. Hot-dip or pre-galvanized finishes may slightly increase cost.

Dimensions: Wider and longer trays require more material, increasing the price. Depth and thickness also affect load capacity and cost.

Supplier and Brand: Prices vary between suppliers such as Danasteel, Fepy, Gooxoom, and Trans Light, with some offering bulk discounts or delivery across the UAE.

Installation and Accessories: Couplers, brackets, and supports may add to the overall project cost, though the base tray price is the primary factor.

Typical Price Range

- 100mm x 50mm tray: AED 150–250 per unit
- 300mm x 50mm x 2mm tray: AED 250–400 per unit
- 600mm x 50mm x 3m tray: AED 400–600 per unit

Supplier Options in UAE

- Danasteel UAE:** Offers small to medium galvanized trays with corrosion-resistant coating.
- Gooxoom:** Provides a variety of GI cable trays for commercial and industrial applications.
- Fepy:** Supplies medium and large trays with easy installation and outdoor suitability.
- Trans Light Electricals:** Offers a wide range of galvanized trays, t...
