

Waterproof enclosure cabinet manufacturer

AI Overview

Leading manufacturers of waterproof enclosure cabinets include Saipwell, TAKACHI, Hammond Manufacturing, IP Enclosures UK, and The Enclosure Company, offering IP/NEMA-rated, customizable solutions for industrial and electronic applications. Key Manufacturers and Offerings Saipwell specializes in high-quality waterproof electrical enclosures made from plastic, stainless steel, sheet metal, and aluminium. Their products comply with NEMA standards and IP ratings, and are certified by UL, CUL, TUV, EAC, SGS, UKCA, CE, and RoHS. Saipwell also offers customizable materials and dimensions to meet specific project requirements, ensuring both reliability and safety for industrial applications. TAKACHI provides a wide range of electronics and industrial enclosures, including IP68 waterproof enclosures, junction boxes, diecast aluminium boxes, and 19" rack mount enclosures. They offer customization services such as CNC machining, laser cutting, inkjet printing, and overlay sheet manufacturing. TAKACHI supports small orders starting from a single unit with short lead times, making it suitable for both prototyping and production. Hammond Manufacturing is a leading supplier of industrial and electronic enclosures, racks, rack cabinets, transformers, outlet strips, and climate control products. Their enclosures are designed for durability and protection in demanding environments. IP Enclosures UK supplies electrical, data, and telecom cabinets worldwide. They offer both stock and bespoke designs, with certifications including UKCA, CE, IP, IK, and UL. Their enclosures are suitable for demanding applications and can be tailored to specific project needs. The Enclosure Company focuses on UK-based supply of electrical enclosures, including IP68 underwater enclosures rated up to 300 meters. They provide extensive customization options such as drilling, tapping, milling, chromatin...
