

Western European Metal Cable Tray Price Quote

AI Overview

Metal cable trays in Western Europe typically range from €0.80 to over €76 per unit, depending on material, type, and purchase volume. Price Overview Metal cable trays are available in hot-dip galvanized steel, stainless steel (SS 304), aluminum, and fireproof FRP. Prices vary significantly based on material, tray type, size, and purchase volume. For B2B bulk purchases, prices generally range from €0.80 to €76 per unit, with higher-end trays designed for industrial or data center applications offering greater durability and compliance with standards like DIN EN 61537 and IEC norms. For B2C or small-scale purchases, prices are typically €15–€34 per unit, with wholesale options as low as €0.92 for smaller, consumer-oriented trays. Material and Type Considerations Ladder Cable Trays: Ideal for heavy power cables, providing strong support and easy access for maintenance. Perforated or Wire Mesh Trays: Offer better ventilation and reduce overheating risk, suitable for indoor and outdoor use. Trough and Basket Trays: Provide enclosed or semi-enclosed routing for sensitive cables, often used in industrial or data center environments. Supplier Options in Western Europe Ekabel24 (Germany): Offers galvanized steel, stainless steel, and halogen-free plastic trays compliant with DIN EN 61537, suitable for industrial and construction projects. Eurostrut: Provides hot-dip galvanized and stainless steel trays, including NATO-type and distribution trays, with direct quote requests available via their webshop. RS Components (Netherlands): Supplies ladder, wire mesh, trough, and basket trays for commercial, industrial, and residential applications. Eurotray Support Systems: Specializes in heavy-load trays and vertical applications, suitable for data centers, food manufacturing, and industrial hygiene-sensitive environments. Key Factors Affecting Price Material: Stainless steel and fire...
