

Where can I find French fireproof ladder-type cable trays

AI Overview

You can find fireproof ladder-type cable trays in France through specialized suppliers like Eaton, Ekabel24, Eurostrut, and Legrand, offering metallic, fiberglass, and halogen-free options compliant with IEC 61537. Recommended Suppliers¹.

1. Eaton (B-Line Series) Eaton offers a wide range of cable management solutions, including metallic and non-metallic/fiberglass ladder-type trays suitable for fire-resistant applications. Their products support industrial and commercial installations and comply with international standards. Eaton provides CAD/BIM design content for easy planning and installation, making it suitable for engineers and contractors in France (Eaton), .

2. Ekabel24 Ekabel24 provides high-quality cable trays and ladders, including hot-dip galvanized steel, stainless steel, and halogen-free plastic systems. Their ladder-type trays are ideal for heavy power cables and meet DIN EN 61537 and equivalent IEC standards, ensuring fire safety and compliance for industrial and commercial projects (Ekabel24), .

3. Eurostrut Eurostrut offers durable ladder-type cable trays made of hot-dip galvanized steel or stainless steel, suitable for indoor and outdoor use. Their open or perforated designs reduce overheating risks, and they provide flexible widths, heights, and configurations. Eurostrut products are widely used in industrial and marine applications and can be requested via their French webshop (Eurostrut), .

4. Legrand Legrand's ladder trays include metallic options with various fittings for horizontal and vertical installations. They provide fire-resistant solutions and accessories such as covers and splices for secure cable management. Legrand is a well-known supplier in France, offering both standard and custom configurations for ladder-type cable trays (Legrand), .

Key Considerations Material: Choose metallic (steel, stainless steel) or fiberglass for fire resistance. Halogen-free...
